

Get to Know Orintha Silva at Ten Broeck Farm

Courtesy of Carole MacDonald

Dressage is French for “training” and it is my passion. I’m excited to share more than 35 years of equine experience with every client. Experience that taught me that good business is built on integrity, and to treat every student with dignity. My commitment is to your excellence.

“Orintha combines excellent communication skills with equestrian expertise and intuition... that makes her a special instructor.”

Pam Goodrich

Dressage is an art that promotes a unique partnership between horse and rider.

- LESSONS:** Custom designed lesson plans meet your individual riding goals for pleasure or competition. All levels of riders are welcome and eventers are encouraged to polish their dressage skills with focused training. Correct rider position along with effective aids for clear communication with your horse are the foundation of every program.
- TRAINING:** Utilizing solid dressage basics, a plan is created to match each horse’s specific level of training, age, personality and health. Full respect is given to every horse in our care with regard to their athletic abilities. No horse is ever asked to do more than what it is capable of doing at any given stage. And your horse will enjoy the program...enabling continuous improvement.
- COACHING:** Personal service is available to ensure that you and your horse perform at the highest possible level in every event.

Orintha was the director and trainer at Tempus Fugit Farm in Amherst, NH. She continues to specialize in Warmbloods and Lusitanos. She has also worked with several notable trainers, including; Pam Goodrich, Barend Heilbron, Kathy Connelly, Frenk Jespers from Holland, Sharon McCusker, Mary Howard, Dee Loveless, Vern Batchelder and Sylvia Loch. Orintha, with her husband Phil, started Ten Broeck Farm in Pepperell, MA which features state of the art facilities. Their equine business center offers handling, Equine Valet Services and personally sources horses from Holland as candidates for clients. Services are also available at your facility. **Visit www.tenbroeckfarm.net for the full story.**
